A reading from the Observer: This article made us aware of the suffering of the Yasidis under "monstrous men" of the Islamic State. Rape was used as a weapon of war as it was in Rwanda. The young women were abused and beaten and passed around as slaves and sexual partners. This led to an interesting discussion. The Church needs to open up and be more transparent.

What can we do?

1 Bring troubles of church to people's attention,

2 Write letters

There was a pause for prayer and thought.
